A WORLD OF FURNISHING IDEAS

Whether you're starting from a blank canvas or simply updating your home, something you must consider as part of the design and planning process is storage.

Storage made easy...

Stylish cabinets can make your home look fantastic and easy to maintain so start planning your storage now.

Firstly, you need to decide whether you want to hide a multitude of sins, use your new cabinet display as a focal point for the room, or a little bit of both.

Secondly you need to decide on whether you want to go for something permanent which is built-in or a freestanding solution which can offer a high degree of flexibility should you wish to rearrange your room layout in the future.

Of course if you opt for built in cabinets this needs to be considered at the initial design phase whereas freestanding units can be installed at a much later stage.

At Fishpools you'll find plenty of clever storage solutions for your home. If you are transforming your dining room Fishpools has a large range of sleek and stylish cabinets that can act as a feature within the room and can also keep your treasures safe and out of harms way.

suits you and the needs of your room. If you can, install integral lighting – it's a great way to add atmospheric lighting to the room as well as showing off your accessories.

If you wish to light a particular piece of furniture a simple yet very effective trick is to fit an architectural tube on top which will light the area, such as tall bookcases which look great illuminated.

If you are updating storage in your bedroom Fishpools has a wide range of options. The Reims in particular is a great

way to provide stylish storage. Available in a walnut or a natural oak finish this set is ideal for any type of décor. This storage will also make your bedroom the haven it should be, removing the clutter and giving everything its own space.

So if you are in need of a storage solution, Fishpools has everything you could think of and more.

Have a look at the Caravelle in a natural oak finish with glass shelves. Available as a two door base unit with a matching dining table this is perfect if you haven't decided on your décor or if you don't want to be fully committed to a single colour or theme.

To ensure you get the maximum out of your new cabinets choose a range that has flexible shelving, then you can move them up or down and incorporate draw dividers – this will ensure you can display all of your favourite things, big or small.

Another handy tip for when you come to putting everything in your new cabinets is to first write a list itemizing the activities each room is used for and which related objects need to be stored there, whether it is DVDs in the living room or plates and cutlery in the dining room.

To make the most out of your hi-tech gadgets why not invest in a cabinet which keeps everything together and creates a focus for the room. The Modica is a flexible entertainment range which means you are able to place the wall units in a way that
