A WORLD OF FURNISHING IDEAS

Winter is here for another year, bringing with it the wintry evenings and frosty mornings that make you want to snuggle up under the duvet for 'just five more minutes'. So now is the time to plan ahead and make sure that your bedroom is the perfect haven to relax and unwind in.

## Bedtime bliss...

Here at Fishpools we appreciate the importance of the bedroom – a place to rest, a place to pamper, a place to escape to – most importantly, a place to enjoy.

The bedroom is where you spend a lot of your time but it is often overlooked on the style front – sometimes for reasons of practicality or budget or more often because you think that visitors won't see it so it's not as important. Whatever the reason there's a bedroom solution to suit all tastes and budgets at Fishpools.

The Alexandria range offers decadence on a grand scale in a French Louis IV style and antique silver or ivory finish – instant dramatic effect and sumptuous style for any bedroom.

Similarly, but on a less dramatic scale, the Romance range will look great in simple, understated rooms. Accessorise with florals and pastels and the look will be as romantic as the name suggests.

For those of us who prefer a more modern, clean look, the solid oak Nimbus bedroom range, available in four finishes and boasting strong, robust lines, is the height of sharp, minimal styling and will last a lifetime.

For simple but classic style, the Lille is an excellent choice, which would work well in both a traditional detached property or contemporary apartment. The warm cherry finish and curved lines make this a timeless choice and luxurious statement in bedroom style. Team it with crisp, white bedding and a metallic throw for a truly sumptuous look.

So whether you treat yourself to a whole new look including a bed, robes and chests, or choose one key statement piece to instantly transform your bedroom into the perfect escape, Fishpools has the answer.

And with more than 50 ranges to choose from the ideal bedroom is closer than you think.
