# Odyssey Collection

---

The Odyssey is expertly crafted with vertical channel tufting and a soft, enveloping curve, this sofa brings a mid-century modern edge to the contemporary home. The great options of fabric and leather offer a rich choice of colour that remains sophisticated, while the slim, tapered legs keep the look light and airy.

The low-profile back makes it ideal for rooms with a view or pieces of statement art, as it complements the area without taking up too much of the view. The vertical tufting keeps the cushions from sagging, so it stays looking brand new even after a weekend of binge watching. Whether positioned in a bustling family lounge or a stylish city flat, this smart comfy sofa ensures a welcoming and inviting atmosphere.
